CTE Welcomes New Staff Members

CTE has recently added two new staff members to assist with transportation demand management (TDM) program activities.

Lauren Justice and **Emily Gray** joined CTE earlier this year to assist Wendy Morgan on the Georgia Department of Transportation TDM contract. Lauren is a Project Manager and recently received a master's degree in Interdisciplinary Ecology from the University of Florida. While in Florida, Lauren's research focused on decision support methods for natural resource issues. This work provided her with a strong background in managing diverse stakeholder groups and analyzing complex environmental issues, skills that she now applies at CTE. A native of Atlanta, Lauren attended Druid Hills High School and received her undergraduate degree from Emory University in Environmental Studies.

Emily Gray is CTE's new Assistant Project Manager for the GDOT contract. A graduate of the University of Georgia, Emily is fresh from study abroad in Verona, Italy. In addition to her enthusiasm for international studies and travel, Emily has an avid interest in community service. She served as a member of the Model African Union Conference teams in 2005 and 2006 as well as in numerous volunteer organizations including the Boys and Girls Club of Athens. Emily most recently worked as a Legal Assistant in her hometown of Calhoun, Georgia.
